2022 K-9 Training Seminar

This will be a working seminar geared towards teaching those new to search and rescue the basic skills to proceed and, for those who have working dogs, will offer a challenge through our dedicated staff of instructors. Areas of training offered this year include land and water cadaver, wilderness air scenting and trailing. The areas around and within the camp offers a vast multitude of wilderness and urban searches. A lake on site will offer water work, and the surrounding area will be utilized for all other training. All sites are within 10 miles of the camp. All other training will take place on site or within the immediate area with over 2,000 acres from which to choose.

Optional Classroom Training: **TBD due to COVID-19**

If you have a need for any of the classes below, we will offer them as time permits. Our goal is to offer a minimum of 3 classes which will be decided by the amount of interest for each. We will instruct and certify those who wish to participate. We will offer the classes below according to the amount of students that request the class.

Airborne/Blood Borne Pathogens, Confined Space Awareness, Introduction to Structural Collapse, Hazmat Awareness, Man Trailing, NIMS 100, 200, 700, 800, Canine First Aid, Map / Compass, GPS, Crime Scene Preservation, Courtroom Testimony, NIMS Credentialing

Certifications / Evaluations

All certification and/or evaluation needs will be left up to the discretion of our instructors. It is the responsibility of the student to let their respective instructor know what certifications and/or evaluations they need during the seminar week.

HRD and Live Search certifications will be offered based on NASAR standards. Please visit the NASAR website to view prerequisites. (www.nasar.org)

Students must pay for the certifications / evaluations as they are provided. Please bring a check or cash with you to cover these costs.

Live Auction

As a reminder, please bring items for our live auction! This is the primary method used to offset expenses of the seminar. While encouraged, items need not be limited to the canines. Feel free to bring special items for both human and canine enjoyment. Thank you!
